INDEX

TO

TECHNICAL COMMUNICATIONS

Years 1937 — 1969

Issued by Direction of the Sugar
Experiment Stations Board

August, 1969

Explanatory Note

This index lists the titles and authors of Technical Communications of the Bureau of Sugar Experiment Stations which were published in the period 1937-1969 inclusive.

The index is arranged alphabetically and comprises a subject index and an author index in separate sections.

The three numbers at the end of each reference refer respectively to the number of the Communication, the year of publication and lastly the page number of the first page of the Technical Communication cited.

Communications which are no longer available for distribution are marked with an asterisk(*).

Subject Index

	No.	*Year*	*Page*
A			
Ash. The Conductometric Determination of by E. D. Jensen	6	1940	1
B			
B. Vasculorum. Alternate Hosts of by C. G. Hughes	3	1939	1*
Bacterial Mottle Disease of Sugar Cane by D. R. L. Steindl	3	1961	43
Bagasse. Surplus Power from Surplus by G. H. Jenkins	7	1939	1
Bagasse. The Analysis and Sampling of Final by E. R. Behne	6	1937	18
Bagasse. The Analysis and Sampling of Final by G. H. Jenkins	5	1938	18
Bagasse. The Combustion Value of by R. W. G. Hessey	11	1937	1
Bagasse. The Ultimate Analysis of by F. H. C. Kelly	10	1937	1
Basic Lead Acetate—Its Composition and Clarifying Qualities by C. R. von Stieglitz	10	1939	1
Beetle Borer (*Rhabdocnemis obscura*). The Relationship between Hardness of Sugar Cane and Varietal Resistance to by J. H. Buzacott	8	1940	15
Boiler and Furnace Testing in a Cane Sugar Mill by J. Eigenhuis	5	1937	1
C			
Calandria Vacuum Pans. Circulation in by E. R. Behne	3	1938	1*
Cane Preparation. Part I—The National Shredder by E. R. Behne	1	1940	1
Cane Preparation. Part II—The National Shredder (cont.). High Speed Knives, and the Searby Shredder by E. R. Behne	1	1945	1
Centrifugals. The Fugalling Process and High Speed by E. R. Behne	4	1939	1
Chlorotic Streak Disease of Sugar Cane. Studies with by O. W. Sturgess	3	1960	15
Chlorotic Streak Disease of Sugar Cane II. Studies with. Transmission in Nutrient Gravel Cultures by B. T. Egan	4	1961	51

	No.	*Year*	*Page*
Chlorotic Streak Disease of Sugar Cane III. Studies with. Transmission by Short Exposure and Incubation Period of the Disease by O. W. Sturgess	5	1961	61
Chlorotic Streak Disease of Sugar Cane IV. Studies with. Field Spread in Drainage Waters by B. T. Egan	6	1961	65
Chlorotic Streak Disease of Sugar Cane V. Studies with. Factors Affecting Soil Transmission by O. W. Sturgess	1	1962	1
Chlorotic Streak Disease of Sugar Cane VI. Studies with. The Influence of Root Temperature on Production of Leaf Symptoms by O. W. Sturgess	2	1962	11
Chlorotic Streak Disease of Sugar Cane VII. Studies with. Some Soil Factors Affecting Streak Production and Disease Transmission by B. T. Egan	1	1963	1
Chlorotic Streak Disease of Sugar Cane VIII. Studies with. Transmission by Mechanical Methods by O. W. Sturgess	2	1963	7
Chlorotic Streak Disease of Sugar Cane IX. Studies with. Rapid Transmission by Injection at Ratooning by B. T. Egan	3	1963	21
Chlorotic Streak Disease of Sugar Cane X. Studies with. Longevity of the Pathogen in Nutrient Gravel Cultures by B. T. Egan	4	1963	29
Chlorotic Streak Disease of Sugar Cane XI. Studies with. The Sterile Cultivation of Roots Excised from Diseased and Healthy Nodes by O. W. Sturgess	2	1964	17*
Chlorotic Streak Disease of Sugar Cane XII. Studies with. Additional Factors Affecting Transmission and the Probable Existence of a Soil-borne Vector by O. W. Sturgess	4	1964	39*
Chlorotic Streak Disease of Sugar Cane XIII. Studies with. Results from the Thermotherapy of Diseased Cane by O. W. Sturgess	5	1964	45*
Chlorotic Streak Disease of Sugar Cane XIV. Studies with. Infection and Incubation Periods of the Pathogen by B. T. Egan	1	1966	3
Clarification Process. The by E. R. Behne	4	1941	1
Clarification Tests, 1937 Season by E. R. Behne and G. H. Jenkins	6	1938	1
Clarification Tests, 1938 Season by E. R. Behne	1	1939	1
Clarifier. Tests on the Dorr by G. H. Jenkins	7	1940	1
Clarifying Qualities. Basic Lead Acetate—Its Composition and by C. R. von Stieglitz	10	1939	1
Crystallization of Raw Sugar in Factory Practice (with Special Reference to the Use of Crystallizers on High Grade Massecuites) by G. H. Jenkins	3	1941	1
D			
Diseases. A Miscellany of Sugar Cane by C. G. Hughes	1	1958	1
Diseases of Saccharum in New Guinea. The by C. G. Hughes	1	1953	1
Downy Mildew Disease of Sugar Cane and Other Grasses by C. W. Leece	5	1941	1*
E			
Experimentation with Sugar Cane. Field by H. W. Kerr	11	1939	1

F	*No.*	*Year*	*Page*
Fibre in Cane. The Determination of by H. W. Kerr and N. G. Cassidy	2	1938	1
Fibre in Cane II. The Determination of by H. W. Kerr	11	1938	1
Field Experimentation with Sugar Cane by H. W. Kerr	11	1939	1
Filters for Treatment of Cane Muds. Rotary by G. H. Jenkins	2	1940	1
Formulae of Technical Communication No. 5 1937. Revision of Some Stoichiometric by G. H. Jenkins	1(II)	1938	13*
Furnace Investigations, 1936 Season by J. Eigenhuis	8	1937	1
Furnace Investigations, 1937 Season. I by G. H. Jenkins	1	1938	1*
Furnace Investigations, 1937 Season. II by G. H. Jenkins	1	1938	13*
Furnace Investigations, 1938 Season by G. H. Jenkins	6	1939	1
Furnace Investigations, 1939 Season by G. H. Jenkins	4	1940	1
Furnace Testing in a Cane Sugar Mill. Boiler and by J. Eigenhuis	5	1937	1
G			
Glossary of Terms Used in Queensland Cane Sugar Factories, Compiled by the Technology Division	9	1940	1
Gravimorphism in Sugar Cane by J. C. Skinner	1	1960	3
Grub Pest, *Dermolepida Albohirtum* Waterh., by Means of "Gammexane" (Benzene Hexachloride). Control of the "Greyback" by R. W. Mungomery	4	1949	107
Growth of Sugar Cane. The Effect of Saline Conditions on the by K. C. Leverington	4	1960	21
Grub Pests, *Dermolepida Albohirtum* Waterh. and *Lepidiota Frenchi* Blkb. by Benzene Hexachloride. Control of the Cane by G. Wilson	2	1956	13
H			
I			
Insects Associated with Sugar Cane in New Guinea by J. H. Buzacott	2	1953	23
Insects that Attack Sugar Cane Setts and Impair Germination. A Review of by B. E. Hitchcock	1	1968	3
Irrigation Waters of the Bundaberg Area by Norman J. King	1	1949	1
Irrigation Waters of the Burdekin Delta by N. G. Cassidy	1	1937	1*
J			
Juices. The Use of Active Magnesia in Clarifying Cane by C. B. Venton	1	1952	1
K			
L			
Legume Inoculation in Queensland Canefields: Efficiency of Strains of Nitrogen Fixing Bacteria by D. R. L. Steindl	2	1941	1
Liming. 1936 Seasonal Investigation on Hot and Cold by N. Smith	3	1937	1

	No.	Year	Page
L			
Liming Control. Automatic by E. R. Behne	2	1939	1
M			
Magnesia in Clarifying Cane Juices. The Use of Active by C. B. Venton	1	1952	1
Maleic Hydrazide on the Sucrose Content of Sugar Cane. The Effect of by J. C. Skinner	1	1956	1*
Massecuite. Report on Investigations into the Treatment of Final by C. B. Venton	1	1951	1
Massecuite Dilution Tests by G. H. Jenkins	8	1939	1
Massecuites. Preliminary Investigations into the Fugalling of Final by E. Mitchell and E. R. Behne	12	1937	1
Milling Tests, 1937 Season by G. H. Jenkins	4	1938	1
Molasses. Some Physical Properties of by A. H. Praeger and J. L. Heron	9	1939	1
Molasses from the Sugar Crystals in the Fugals. The Separation of by E. R. Behne	8	1938	19
Muds. Rotary Filters for Treatment of Cane by G. H. Jenkins	2	1940	1
N			
Nutrition Trials at Mackay—Nitrogen. Sugar Cane by L. S. Chapman	2	1968	3
pH Control. Automatic by J. L. Clayton	3	1940	1
O			
P			
pH Control. Continuous Electrometric by J. Eigenhuis	2	1938	1
pH Meter. The Sugar Bureau by E. R. Behne and J. Eigenhuis	9	1937	1*
Pollination of Sugar Cane. Controlled by J. C. Skinner	1	1959	1
Power from Surplus Bagasse. Surplus by G. H. Jenkins	7	1939	1
Preparation. Cane. Part I—The National Shredder by E. R. Behne	1	1940	1
Preparation. Cane. Part II—The National Shredder (cont.), High Speed Knives and the Searby Shredder by E. R. Behne	1	1941	1
Q			
R			
Ratoon Stunting Disease. The Sterile Cultivation of Excised Cane Roots Infected with by O. W. Sturgess	3	1964	29*
Ratoon Stunting Disease of Sugar Cane by C. G. Hughes and D. R. L. Steindl	2	1955	1
Raw Sugar. The Hygroscopicity of by J. H. Webster	5	1940	1
Raw Sugar. Volume and Surface Relationships of by L. Drinnen	7	1938	1
Roots of Sugar Cane. Sterile Cultivation of Excised by O. W. Sturgess	1	1964	3*

S	No.	Year	Page
Saline Conditions on the Growth of Sugar Cane. The Effect of by K. C. Leverington	4	1960	21
Seedlings. The Production and Testing of Sugar Cane by C. G. Hughes	2	1949	17
Selection Experiments I, Bunch Planting. Sugar Cane by J. C. Skinner	1	1957	1*
Selection Experiments 2, Competition between Varieties. Sugar Cane by J. C. Skinner	1	1961	1
Selection Experiments 3, Selection Rate in Original Seedlings. Sugar Cane by J. C. Skinner	2	1961	27
Selection Experiments 4, Selection Rate in Bunch Planted Original Seedlings. Sugar Cane by J. C. Skinner	1	1969	3
Selection Experiments 5, A Comparison of Bunch Planting and Single-planting Selection Systems. Sugar Cane by J. C. Skinner	2	1969	15
Setts and Impair Germination. A Review of Insects that Attack Sugar Cane by B. E. Hitchcock	1	1968	3
Shredder. The National. Cane Preparation, Part I by E. R. Behne	1	1940	1
Shredder, The National. (cont.) High Speed Knives, and the Searby Shredder. Cane Preparation, Part II by E. R. Behne	1	1941	1
Soil Fertility. The Laboratory Determination of by H. W. Kerr and C. R. von Stieglitz	9	1938	1*
Soil Sampling Technique. Some Studies in by H. W. Kerr and C. R. von Stieglitz	10	1938	27*
Soils Investigations in the Sugar Cane Producing Areas of Bundaberg by Norman J. King	3	1949	71
Soils. The Nature of the Clay Fractions of Some Queensland by K. C. Leverington	1	1955	2
Subsider Performance Tests, 1938 Season by G. H. Jenkins	5	1939	1
Sucrose Content of Sugar Cane. The Effect of Maleic Hydrazide on the by J. C. Skinner	1	1956	1*
Sugar. The Hygroscopicity of Raw by J. H. Webster	5	1940	83
Sugar Crystals in the Fugals. The Separation of Molasses from the by E. R. Behne	8	1938	19
Sugar. Volume and Surface Relationships of Raw by L. Drinnen	7	1938	1
T			
U			
V			
Vacuum Pans. Circulation in Coil by N. Smith	4	1937	1
Vacuum Pans. Circulation in Calandria by E. R. Behne	3	1938	1*
Velvet Bean Caused by *Phytophthora drechsleri* Tucker. A Wilt Disease of by O. W. Sturgess and B. T. Egan	2	1960	9
W			
Wilt Disease of Velvet Bean Caused by *Phytophthora drechsleri* Tucker by O. W. Sturgess and B. T. Egan	2	1960	9
X			
Y			
Yields of Sugar Cane in Replicated Trials. A Sampling Method for Measuring by D. M. Hogarth and J. C. Skinner	1	1967	3

Author Index

	No.	Year	Page
Behne, E. R.			
The Analysis and Sampling of Final Bagasse	6	1937	18
Circulation in Calandria Vacuum Pans	3	1938	1*
The Separation of Molasses from the Sugar Crystals in the Fugals	8	1938	19
Clarification Tests, 1938 Season	1	1939	1
